Any reply received by the Office later than three months after the mailing date of this communication, even if timely filed, may reduce any earned patent term adjustment. See 37 CFR 1.704(b).

Claim Rejections - 35 USC § 102

1. Claims 1,2,4-6,10-15,24-26,30-32 are rejected under 35 U.S.C. 102(b) as being anticipated by Behan et al (5662691).

Behan is considered to show at least one implantable lead 18, an external neural stimulator 200, a programmer 100 having a user interface 102, and means for providing a bi-directional communications link (108,106,236,238). The term 'configuration information' added to the claims is considered to be analogous to the mode and operating parameter data set forth in the disclosure of Behan. The structure of Behan is capable of transmitting such information.

Claim Rejections - 35 USC § 103

2. Claims 17-21,39 are rejected under 35 U.S.C. 103(a) as being unpatentable over Behan et al.

The claimed methodology is considered to have been obvious over the teaching of Behan. That is, the method steps would follow obviously from the normal workings of the Behan device.

3. Claims 7-9,27-29 are rejected under 35 U.S.C. 103(a) as being unpatentable over Behan et al in view of Hauptert et al (6580948).

As mentioned in the previous office action, Hauptert teaches the subject matter of the above claims, see col. 1. It would have been obvious to use Hauptert with the device of Behan for reasons mentioned in the prior office action.

4. Claims 22,33-38 are rejected under 35 U.S.C. 103(a) as being unpatentable over Behan et al in view of Almendinger et al (6738670).

To use the patient and physician programmers together, as taught by Almendinger, would have been obvious for reasons mentioned in the prior office action.

5. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.
